DESCRIPTION OF BENEFITS

HEALTH BENEFIT PLAN

The benefits shown below will be eligible, up to the amount shown in the Schedule of Benefits, if they are reasonable and customary, and are medically necessary for the treatment of an illness or injury.

Prescription Drugs

Prescription drug benefits, up to the amount shown in the Schedule of Benefits, that:

- a) are prescribed by a legally qualified medical practitioner or dental practitioner as permitted by law; and
- b) legally require a prescription and have a Drug Identification Number (DIN); and
- c) are approved under GSC's drug review process; and
- d) are paid on a Pay Direct basis.

GSC reserves the right to manage its drug formularies through an evidence-based review process in which drugs are evaluated based on overall value taking into account clinical efficacy, safety, unmet need and plan affordability. Formulary management includes the right to:

- add a drug to GSC's formularies;
- exclude or remove a drug from GSC's formularies regardless of Health Canada approval and/or the existence of provincial coverage;
- place restrictions on a formulary drug as determined by GSC. Restrictions may include, but are not limited to, GSC's pre-approval of the drug before the claim can be reimbursed, requirement to obtain the drug through an approved provider, and requirement to obtain a lower cost alternative of the same treatment such as a generic or a [biosimilar drug](#).

If approved by GSC, this plan includes drugs with a Drug Identification Number (DIN) that do not legally require a prescription, including but not limited to nitroglycerin, insulin and all other approved injectables, as well as related supplies such as diabetic syringes, needles, testing agents and lancets. In addition, this plan includes all vaccines.

Certain drugs require prior approval from GSC before your drug claim can be reimbursed. You can find out if your drug requires prior approval either by using the online drug search tool available to you through GSC's Plan Member Online Services, or by contacting GSC's Customer Service Centre.

Maintenance drugs required to treat lifelong chronic conditions may be required to be purchased in a 90-day supply of a prescription at any one time. Non-maintenance drugs may be purchased in a supply not exceeding 3-months (90-day) supply of a prescription at any one time. However, for all drugs, 6 months for a vacation supply may be purchased and not more than a 13-month supply in any 12 consecutive months.

Generic drug substitution

Reimbursement will be made for the cost of the lowest priced equivalent drug based on specific provincial regulations, unless your medical or dental practitioner has written that there is to be no substitution of the prescribed drug or medicine.

NOTE:

Drug Benefit over age 65: The Drug Benefit co-pay and the deductible (where applicable) in your province of residence are eligible benefits.

Quebec residents only: Legislation requires GSC to follow the RAMQ (The Regie de l'assurance maladie du Quebec) reimbursement guidelines for all residents of Quebec. If you are younger than age 65, you must enroll for the GSC Prescription Drugs benefit plan and GSC will be the only payer. If you are age 65 or older, enrollment in RAMQ is automatic, enrollment in the GSC Prescription Drugs benefit plan is optional, and RAMQ would be first payer.

If any provisions of this plan do not meet the minimum requirements of the RAMQ plan, adjustments are automatically made to meet RAMQ requirements.

Eligible benefits do not include and no amount will be paid for:

The multiple services factor occurs when a minimum of 6 or more restorations (fillings) or multiple periodontal services are performed at the same appointment and the full fee guide price is charged for each restoration or periodontal service, the first service will be paid in full and all remaining services will be reduced by 20%;

Your HCSA is provided by your plan sponsor and administered by GSC.

Your HCSA is a spending account funded by your plan sponsor that you can use to pay for health and dental expenses that are not covered by your group benefit plan or your provincial health plan.

At the beginning of each benefit year, a predetermined lump sum amount as shown in the Schedule of Benefits will be allocated to your account annually to cover the reimbursement of your eligible expenses incurred during that benefit year. When you submit a claim, you will be reimbursed for eligible expenses up to the balance in your account.

Any balance remaining in your account on the last day of the benefit year will be forfeited at the expiration of the benefit year in which it was allocated.

ELIGIBLE EXPENSES

Eligible expenses include but are not limited to those that qualify for medical expense tax credits under the Canada Revenue Agency (CRA) Income Tax guidelines. It also includes the amount of the deductible and the percentage not covered by the group benefit plan or the amount in excess of group benefit plan maximums.

For a list of eligible medical expenses, visit our website at greenshield.ca, or for more information about eligible expenses you can consult a CRA office or visit the CRA website at cra-arc.gc.ca/medical.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year

- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
